## KEY TO ANNOTATIONS

- X1 1. Two possible MAYAKOVSKIY Class Fish Factory Ships (LOA approx 275'). See annotation 1, [ ]
2. Unidentified vessel (LOA approx 295').
- X1 3. POLTAVA/PEREKOP Class merchant ship (LOA approx 510'). See annotation 3, [ ]
4. UGRA Class AS (LOA approx 470').
5. New Class naval vessel (LOA approx 620'). See annotation 4, [ ]  
No changes in appearance could be detected from [ ]
6. LAMA Class AEM (LOA approx 370').
7. LAMA Class AEM (LOA approx 370'). See annotation 6, [ ]
- X1 8. Probable UGRA Class AS under construction (LOA approx 470'). See annotation 7, [ ] No apparent change in topside detail could be detected.
9. Possible POLTAVA/PEREKOP Class merchant ship under construction (LOA of completed section approx 400'). Hold openings contribute to this tentative evaluation.
10. Second of a new Class naval vessel under construction (LOA approx 620'). See item 5 above. A large open area, at least one level below the main deck, occupies the aftermost 1/3 of this hull. The apparent lack of obstructions and visible size (approx 165' by 85') suggest that this space could possibly be a hangar bay. See annotation 8 on [ ]  
for last prior readout of this hull.
